Warm Greetings to All!

“Education is the most powerful weapon which you can use to change the world.”

-Nelson Mandela

The Pioneer School facilitates all the components which are necessary for the development of 21st-century skills in every student. In this present scenario, the expectation of students towards education becomes unlimited. Completion of the given content in the text becomes no matter of discussion. “Tell me and I forget. Teach me and I may remember. Involve me and I learn”. We understand that the school education is to provide every child with a stable academic platform but we aim to go beyond this and consider education holistically.

Teachers' Day Celebration

“A Good Education can change anything, and a Good Teacher can change everything”

Enthusiasm and festivity marked the teachers' day celebration at THE PIONEER SCHOOL this year too, despite the new normal, which is proof of how much the teachers are appreciated. A short virtual celebration through Google meet was organized for the teachers by the Grade VII students on September 3, 2021 in which they engaged themselves in an unbridled capacity to shower love, admiration and respect to their teachers through song, dance and by conveying regards from their homes. Our Principal greeted the staff of THE PIONEER SCHOOL lauded the teachers for their commitment to education, dedication and sincere efforts.
