

Yellow Day Celebration

Yellow is the colour of optimism, glory, sunshine and happiness. It stands for freshness, positivity, intellect and joy. The motive of celebrating yellow day was to make the children aware of the colour yellow, its significance and to develop the fine motor skills in the students. The virtual session began with a fun-filled introduction concerning the colour yellow. Children were all dressed up in different shades of Yellow. It was indeed a visual treat to see the impact of the yellow colour on our little angels on the screen. Children of pre-primary sang rhymes along with the video shown and discovered various yellow coloured objects. Our dazzling butterflies witnessed an experiment performed by the teacher of mixing two primary colours and getting a new colour. It was an amazing learning experience that had a long-lasting effect on each student. Children were happy and enjoyed themselves to the fullest.
