SWACHH BHARAT ABHIYAN WHAT DO I WANT TO DO FOR MY LOCALITY OR THE PLACE WHERE I LIVE?

It is my pleasure to make my locality clean and green. I would organize, awareness program on the need of clean environment among people. I would urge people to throw wastes in garbage collection boxes to prevent diseases caused by mosquitoes. I will also advise people to have good hygiene to prevent diseases like "COVID - 19". The important of cleanliness is expressed in Tamil Proverb

"சுத்தம் சாறு போடும்"

Our Government introduced the mission "SWACHH BHARAT ABHIYAN" to make India clean. I will work hard to achieve this mission.

I would like my locality to be green and pollution free. I will plant saplings in my surroundings of my house. I will also make my friends to do the same. Since trees provide oxygen to breathe, I will plant more trees on road side. I will stress the importance of using Carbon Natural Gas (CNG) to avoid carbon pollution. I request people not to chop trees because they are environmental friends for greenness.

"CLEAN INDIA, GREEN INDIA"

GREEN DAY CELEBRATION THE COLOUR OF PROSPERITY AND CREATIVITY

Our school celebrated the green day for kindergarten children. The programme began with a "Show and Tell" activity. Children spoke about the importance of plants, trees and its medicinal values. Acts of green conveyed the message that we should conserve trees to preserve top soil. Children also planted a tree on campus to protect planet earth. It was quite a green and clean learning experience for our tiny tots.
